SchoolsWire Features

Below you'll find a comprehensive list of all the features available on SchoolsWire, so have a look and explore the potential available to you!

If you have any questions about the features outlined below, please call us on 0845 388 1814, or send an email to support@schoolswire.org.

What can we do?	How can we do it?
Choose your theme in one click!	With just one click you can customise the appearance of your website whenever you like, simply by browsing through our ever-growing gallery of themes! With our intelligent previewer, you can even see how everything will look before you make your decision!
Customise your website	After you have chosen your theme, there are plenty of options available across SchoolsWire that let you change things like the colour and size of your font. We have a range of options, so why not check them out?
Free, unlimited training	We want to make sure you get the most out of SchoolsWire, so there's free, unlimited training available to you. All you have to do is get in touch and we will book a time and day that suits you, and we'll show you everything that SchoolsWire can do for you! Just call 0845 388 1814 or email support@schoolswire.org.
Rename fields and sections	Interested in furthering the personalisation of your website? If there are certain sections that you'd like to rename, or certain fields you'd like to reword, we have just the thing for you, giving you the freedom to get everything just right.
About Us	Provide an in-depth view of your school using About Us, the ideal place to provide the history, ethos and aims of the establishment. Share whatever you want, the choice is yours!
School Prospectus	When it comes to providing your school's prospectus to your website's visitors, we have you covered. Upload your prospectus in just one click and visitors will then be able to download it from the About Us page!

Home	As the Home page is the first thing your visitors will see when they arrive on your website, we have given you the ability to post whatever you want as a welcome. If you want to post a welcome message, that's fine. An introduction to your school? Feel free! This is the front page of your website and you can do anything you like with it.
Ofsted compliant	Ofsted has outlined a number of requirements for your school to achieve an Outstanding, and SchoolsWire is built to meet them all.
News	Be it daily updates for every aspect of school life, weekly newsletters or articles detailing the big events, or even annual reports on what's going on in school, the News page allows you to post articles, images and videos for visitors to your website to peruse.
Useful Links	Found a website that parents might find useful? Want to make sure parents know where to buy uniform? Need a place to post a link to your Ofsted report? Share as many useful links as you want, with this dedicated page.
Supports all file types	Don't know what types of files you can upload to your website? That's another thing you don't need to worry about anymore. SchoolsWire supports PDFs, word documents, excel spreadsheets, HTML links, video files and more. If you're worried that your file won't be supported, give us a call and we'll put your mind at ease.
Children's Area	Need to make homework resources available to your students? Want to provide helpful revision guides to students sitting the SATs? Children's Area is where you post any of the above (and more). The resources you make available are entirely up to you.
Give your school website a school domain!	Do you have a specific domain in mind for your school and want to attach it your website? Just provide us with the details and we'll take care of linking the two together. This great feature means that your parents can go straight to your school's website with a recognisable address that everyone can remember!
Gallery	Interested in uploading photo albums showcasing big events your school has held, for example craft fairs and sports days? Upload as many albums as you like to the Gallery, with the option to not only add photos, but videos too!

Unlimited Storage	Worried that you'll only be able to upload a limited amount of photos to your gallery? We've taken care of that for you too! SchoolsWire offers unlimited storage across every part of your website, so you should feel free to upload as many photos, videos, news articles and more that you like! You also don't have to worry about where your website is hosted, because we take care of that for you too!
Map to your school	Making sure people know how to get to your school is vitally important, so as soon as your postcode is added to your website, a link to Google Maps lets visitors know exactly where your school is located!
Contact Us	Letting visitors know how to get in touch with your school has never been easier. SchoolsWire's intuitive Editor asks you to fill out key areas so that everything you need is ready to be viewed by your visitors.
Information section	The Information section is the ideal place for uploading documentation on your term dates, anti-bullying policies, and more. If you need to share it with parents, the Information section is the place to be!
Parents register for updates	Do you want to make sure parents know when you update your website as well as what changes have been made? When visitors add their details to the Register Here page, you can choose to email them updates whenever you make a change to your website!
A selection of beautiful themes to choose from!	With our gallery of themes, you won't have to employee an expensive web designers to get a complete overhaul of your website. There are so many to choose from, and we're always designing more, just for you!
Additional Tabs	Do you want more tabs than the default selection that's available? Set up additional tabs to contain other bits and pieces, and because they are customisable, you can make them whatever you like!
Slideshow Gallery	Do you want to share one of your gallery albums with visitors as soon as they arrive and start looking around your website? On a number of our themes you can set an album up under the Slideshow Gallery so it appears throughout your website!

Accreditation Logos	Want to show the world what your school has achieved, for example, have you taken part in the accreditation schemes for Eco-Schools, Healthy Schools or Sport England? When you are accredited you can post the relevant logo to your school website, and let everyone know how well you're doing!
School Logo	Personalising your school website is so important, so we've made uploading your school logo really easy! Once your logo is uploaded, depending on the theme you've chosen, it will appear across your website!
School Calendar	Update visitors to your website with as many events as you like using your calendar! You don't even have to scroll through countless pages of dates, instead, you only see days that events are scheduled to take place on, making life easier for everyone involved!
Important Message	Need to let parents know about something as soon as they visit your website? Is your school closed? Are you having a raffle and want everyone to come and take part? Use the Important Message to make a message pop-up to parents as soon as they visit your website!
Password Protect sections	Are you interested in restricting access to certain parts of your website? With the password protection functionality we have available, you can now make it so that only people with the password you set up can get into areas such as News and Gallery.
Translate your website	Across our themes you have the ability to click a translate link and the entire website will update to display in the language you've chosen. This is great if you're a bilingual school in Wales, and it ensures no one is kept out of the loop on the vital information you're providing to parents!
Easy to use!	SchoolsWire is so easy to use, all it takes to get started is the one click it takes to choose your website's theme! We made it so every part of the system is just as easy to use, so dive in and find out how straightforward it is to use SchoolsWire right away!
